

ILLNESS GUIDELINES

Your student CANNOT be at school if he/she has any of the following:

- Fever 100.4 F or greater
- Vomiting
- Diarrhea

Your student can return to school when:

- Fever free for 24 hours without the use of fever-reducing medication
- It has been 24 hours since the last episode of vomiting or diarrhea
- Symptoms are much improved or resolved and your student feels well enough to participate in usual activities

COVID-19

CDC COVID-19 recommendations can be found [here](#)

If your student has an illness or symptoms that are not listed here, please refer to [Infectious Diseases in Child Care and School Settings](#) or contact the Health Office at your student's school.
